

Example Email:

Dear _____ (FindLaw Account Manager)

On our divorce page, I would like the following three blog posts added as "related content" at the bottom of the page. (examples 1, 2 & 3)

On our home page, please add a section that states that we offer a free 10 minute phone consultation. Here is the text for that:

"At _____, we understand that family law matters can be complex and emotionally challenging. That's why we offer a free 10-minute phone consultation to help you take the first step in understanding your legal options. Whether you're dealing with divorce, child custody, or any other family law issue, our experienced attorneys are here to listen to your concerns and provide initial guidance. This brief consultation is an opportunity to ask questions and learn how we can assist you in protecting your rights and your family's future. Call us today to schedule your free consultation."

I'd like to use this photo in the section (photo of a upper middle class lady in a nice home on the phone looking concerned).

In addition, I have found that our divorce topspot is averaging \$350 per click, and we'd like to discontinue that as soon as possible.

I have also attached a page for child custody issues when moving to the neighboring state. Please get that added, and then add the page to the menu that is on the family law pages.

Thanks
